

Health & Safety Policy

Avondale is a family run business that strives to be the number one choice for Construction Logistics within the UK Construction Industry.

Our business is committed to conducting our operations in a planned systematic way to ensure the Quality of our products and Services.

We believe that all activities we perform should be planned and can always be executed safely.

Our current Health & Safety Objectives are:

1. Aim for Zero (Accidents/Incidents on site)
2. Training & Competence (Raise levels within the business)

Our policy is to:

- Encourage our supply chain and customers to adopt robust Health & Safety processes to ensure all staff get home safely at the end of the day
- To Eliminate hazards to reduce the risks within the business
- Adopt best practices within the industry
- Ensure through training that our staff are competent to carry out their roles safely
- To comply with all current Health & Safety Legislation
- Encourage communication at all levels with the health and safety committee

Nick Curran The Managing Director is responsible for:

- Communicating a formal Health & Safety Policy and objectives
- Establishing a robust Health & Safety Management System
- Ensuring all staff adhere to the health and safety

It is the responsibility of every manager and employee in the business to:

- Understands that everybody is responsible for Health and safety
- Stops work and seek guidance if they believe anything they are doing is unsafe
- Reports all Non Conformances
- Look out for their own safety as well as that of their colleagues

Avondale's Golden Rules are:

- Safety First – Take care of yourself and your colleagues safety
- Always follow rule one – Safety First
- Don't Walk by – Report any unsafe act, condition or hazard to your supervisor
- Respect the Environment – Use materials & resources responsibly and minimise waste.
